

## A 9<sup>th</sup> Grade Student Quote

**Tom's entry 9-4-02:** *I think school is boring, because everything the teacher's teach makes me sleepy.*

**Tom's entry 12-13-02:** *STEPS has been positive to me because you learn to spell and write in cursive... STEPS has changed the way I write and read because I can now read and write better in cursive. I would recommend it for high schools because it helps read and write better.*

Tom\* is one of those kids who sleep every day in the back of high school classes. What a change after 3 months of STEPS!
